TEETH WHITENING

Teeth Whitening in Charlotte

Teeth whitening is a great way to achieve a beautiful smile. Age, as well as stains such as coffee, tobacco and food will cause our teeth to become dull or yellowed. There are many teeth whitening benefits to consider:

- Having your teeth whitened with high-quality products will give you a whiter smile quickly.
- Teeth whitening removes any stains that are on your teeth, even the deep ones that you can't get rid of at home with an over the counter teeth whitener.
- The level of whitening can be adjusted to your own special needs.
- Teeth whitening benefit is easy and painless to do. It is nothing like going to the dentist to have a tooth pulled or filled and having to take a shot. It doesn't hurt and there is no need for anesthetics that numb your mouth and taste bad. There is no need to fear going to the dentist to have your teeth whitened.

Teeth whitening is only one step toward your [smile makeover](#). When combined with other aspects of [cosmetic dentistry](#), [orthodontics](#), and the convenience of [Invisalign®](#), your smile can shine throughout Charlotte.

Be very careful when choosing a product over the counter to buy to whiten your teeth, many of these advertised products could be harmful and don't work at all. It is important to do your research and find out which methods work and which ones

don't.

Charlotte Dentistry® recommends the Zoom! teeth whitening system. With a little preparation, and after a recommended cleaning, Zoom! teeth whitening can take as little as two hours to work. If you follow some simple care instructions, your teeth will always be whiter after a Zoom! teeth whitening treatment.
