CHILDRENS DENTISTRY

## Pediatric Dentistry in Charlotte

Charlotte Dentistry® knows how to examine and treat children in a manner that provides them a level of comfort specific to their needs. A child friendly environment helps provide and ensure a positive experience. So if you are in search of a pediatric dentist in Charlotte and specifically a team that is experienced with and passionate about quality child dentistry then you have found just that in the team at Charlotte Dentistry.

**When your pediatrician suggests that your children receive a dental exam, you can be assured that Charlotte Dentistry® will provide the best possible care.**

Charlotte Dentistry® cares for your children by:

- Giving oral health exams, which include risk assessment
- Providing preventive care including cleaning and fluoride treatments, as well as nutrition and diet recommendations
- Counseling parents as they deal with habits, such as pacifier use and thumb sucking
- Assessing and treating for straighter teeth and correcting an improper bite
- Repairing cavities or tooth defects
- Diagnosing oral conditions associated with diseases such as diabetes and congenital heart defects
- Managing gum diseases and conditions including ulcers, and pediatric periodontal disease

- Caring for injuries such as fractured, displaced, or knocked-out teeth

**Charlotte Dentistry®** cares for children and their specific dental needs. Our goal is to make your child's first dental visit a positive comfortable experience.
