There are many orthodontic providers in Charlotte, but not all have the same level of experience. The dental professionals at Charlotte Dentistry are recognized as VIP Diamond Plus Providers by Invisalign® – a popular clear alternative to traditional braces. We are also in the top 1% of providers nationwide. No other office in the Carolinas has completed more Invisalign® cases than Charlotte Dentistry. Our team also offers clear or metal braces, as well as AcceleDent by OrthoAccel. So if you want a provider who can diagnose your situation and offer a number of options at different price points and with different pros and cons, we suggest you make an appointment with Charlotte Dentistry for your orthodontic needs.
